Special Features

- ▶ Containers are blow molded with high-density polyethylene and meet FDA requirements for food contact.
- ▶ Most containers are UN/DOT -approved for Y and Z regulations without the use of an outer pack carton.
- ▶ Fittings include flexspouts, solid screw caps, tamper evident screw caps and additional closures.
- ▶ Embossing and mold options include open screw top vents, stacking lugs for most rectangular containers, graduation marks, scoop bottoms and tags in top section.
- ▶ Fluorination is available.
- ▶ Standard colors are white and natural. Other colors including custom colors are available.
- ▶ Decorations, instructions, restrictions and cautions can be applied by PE sleeve, silk screening or embossing.
- ▶ Containers are reconditionable and recyclable.
- ▶ D-handles and integrated handles are offered.
