EASY TO USE

The newly designed, ergonomic bottle shape is easy to handle and perfect for pouring. Depending on the size of the can, a recessed grip or top handle provides smooth pouring and optimal consumer handling.

KEEP PRODUCTS SAFE AND SECURE

The lightweight, yet robust can design ensures your product is protected throughout the supply chain. Optionally, high quality recycled plastic (PCR) can be incorporated for a reduced environmental impact and in accordance with EU Ecolabel specifications.*

MAXIMUM BRAND IMPACT

A large label area provides maximum brand impact and space to communicate product information. A variety of can colours and filling grades are available to suit your specific product and brand needs and stand out on store shelves.

KNOW WHEN YOU'RE LOW

A window stripe and volume scale provides a visible filling window, letting consumers know when they are running low on product.
