5.0	18.9	5.3	20.1
5.3	20.0	5.6	21.2
6.0	22.7	6.4	24.1
7.0	26.5	7.5	28.4

SQUARE/ROUND CONTAINERS:

NOMINAL CAPACITY		MAXIMUM CAPACITY	
(GALLONS)	(LITERS)	(GALLONS)	(LITERS)
4.0	15.1	4.2	16.0
5.0	18.9	5.3	20.1
6.0	22.7	6.4	24.1

STACKABLES (WITH OR WITHOUT KORTRAX®):

NOMINAL CAPACITY		MAXIMUM CAPACITY	
(GALLONS)	(LITERS)	(GALLONS)	(LITERS)
1.0	4.0	1.3	4.8
1.3	5.0	1.5	5.85
2.6	10.0	2.8	10.6

Features

- ▶ Containers are blow molded with high-density polyethylene, recycled resin, or KORTRAX® barrier resin.
- ▶ Most containers meet FDA requirements for food contact and are UN/DOT -approved for Y and Z regulations without the use of an outer pack carton.
- ▶ Several facilities are Global Food Safety Initiative (GFSI) certified, meeting stringent food and safety requirements.
- ▶ Fittings include flexspouts, solid screw caps, tamper-evident screw caps, and additional closures.
- ▶ D-handles and integrated handles available.
- ▶ Embossing and mold options include open screw top vents, stacking lugs for most rectangular containers, graduation marks, scoop bottoms, and tags in top section.
- ▶ Standard colors are white and natural. Other colors, including custom colors, are available.
- ▶ Decorations, instructions, restrictions, and cautions can be applied by PE sleeve, PS application, silk screening or embossing.
- ▶ Containers are recycle-ready post-use.
