CONTAINER DETAILS

IBC COUNT

DRUM COUNT

Table with 12 columns: Manufacturer of Once Contained Chemicals, Product Once Contained, Haz Mat (Yes/No), Silicone Based Product (Yes/No), FIFRA Reg. Ag (Yes/No), Oxidizer Class 5.1 (Yes/No), Peroxides Class 5.2 (Yes/No), 275 Gallon (Qty), 330 Gallon (Qty), Steel or Poly, 30 Gallon (Qty), 55 Gallon (Qty). Includes an example row and multiple empty rows.

For IBC pickups please provide SDS sheets upon request for units that previously held hazardous material loadings, and note if any IBCs have wood or all-plastic pallets.

Collection Minimums (Updated March 1, 2023)

Drums Only
• 100\* or more serviceable drums are required for collection

IBCs Only
• 10\* or more serviceable IBCs are required for collection

Mixed Shipments (IBCs & Drums)
• Requires a combined minimum equivalent of 25 "pallet squares" of IBCs and drums\* (example: 8 IBCs and two pallets of four drums each)

\*Mauser reserves the right to request a higher unit minimum for certain geographic areas.

All shipments must comply with Mauser's Container Acceptance Policy (CAP) requirements.

Current version available HERE.

With prior approval, Mauser facilities may accept shipments below stated minimums providing the shipper arranges and pre-pays the freight. Mauser will assist with providing an arrangement number for receipt of goods received.

If the above program does not meet your needs, our Sourcing Team can assist you with a customized solution. Please contact us at:

NOTE: Containers that do not comply with our Container Acceptance Policy will be rejected for processing and quarantined. The shipper will then be required to coordinate removal of the non-compliant containers from the Mauser facility at their cost. By submitting this pickup request form, the shipper agrees to bear financial responsibility for any non-compliant container return

Mauser will do everything possible to make any fee payments simple, fast and repeatable with either your company's credit/P-card, a blanket PO or through other arrangements. As always, Mauser is committed to providing your company peace of mind through sustainable, safe and legal recycling or reconditioning of your used industrial containers. Please note that other terms and conditions may apply.
