

# 100% Post-Consumer Resin (PCR) Tight-Head Container

## Introducing the UN-Rated Tight-Head Container Made with 100% Post-Consumer Resin (PCR)!

Recycled HDPE produced at our own facilities gives plastics a new lease on life and reduces industrial waste. A consistent PCR stream creates a durable package that customers can trust.

**Capacity:** 20L (5.2 Gallon)

**Material:** 100% Post-Consumer Resin (PCR)

**Colors:** MPS Drum Blue (pictured)  
Black

**Handle:** Integrated

**Neck Finish:** 70MM X 6TPI Tamper Evident

**Back Vent:** Open (with 21MM TE Back Vent)  
Closed (with 21MM TE Back Vent)  
No Vent

**Weight:** 1250 grams

**UN-Rated** 3H1W / Y1.8 / 100

**Pack Count** 112/Pallet = 3,360 per Truckload

**Point of  
Manufacture** Atlanta, GA

**FDA** "Not for Food or Drink"

### Key Features:

- Satisfies California Prop. 65 requirements for Rigid-Plastic Packaging Containers (RPPCs)
- Meets requirements for Prop. 65 Heavy Metal PPM
- Mono-Layer Design
- 1 truckload of MPS PCR tight-heads reuses the equivalent of 445,000 disposable water bottles
