## About Mauser Packaging Solutions

Mauser Packaging Solutions is a global leader in solutions and services across the packaging lifecycle, providing large and small metal, plastic, fiber, and hybrid packaging worldwide to companies in industries from food, beverage, personal care, and pharmaceuticals to chemicals, petrochemicals, agrochemicals, medical waste, and paints.

### True sustainability at scale

For the first time ever, you have a single packaging partner who can reliably deliver solutions across the full packaging life cycle—around the globe.

Mauser Packaging Solutions, formed in 2018 by BWAY, Mauser Group, NCG, and ICS, brings unparalleled packaging performance and innovation to redefine sustainability for customers. From new packaging made from recycled content to reconditioning, reuse, recycling, and professional disposal, we provide customized solutions that have a positive impact on businesses and the planet, bringing true sustainability at scale to companies all over the world.

Together, we have over 330 years of combined experience, more than 1,000 global patents, over 180 sites around the world, and over 11,000 employees committed to helping companies like yours operate more sustainably and effectively.

### Global reach for worldwide impact

With our global network of design, manufacturing, reconditioning, and recycling facilities, we can deliver high-quality packaging solutions across the full packaging life cycle—virtually anywhere you need it.

By engaging in this complete cycle, your company can achieve true sustainability at scale. You benefit from a consistent global supply chain,

a wide array of packaging options, new business growth opportunities, and a chance to leave a lighter environmental footprint. You can feel better about doing your part to protect our planet. And by sharing that story with your customers, you can help them feel even better about working with you.

## Trailblazing Packaging. Proven Performance.

We're true trailblazers in the plastic pail category, offering one of the most comprehensive and customizable lines in the industry. Choose from a variety of plastic buckets that can withstand the harshest environments, command attention on a retail shelf, incorporate recycled resin, or meet strict food-contact requirements. Our solutions are built to deliver.

With standard and specialty options across a wide range of sizes, shapes, and materials, our plastic pails are tailored to both professional and personal use. Not only can we help you elevate your brand, we also have the scale and supply chain redundancy to support both regional and national footprints—so you get what you need, when you need it.

### Looking for a recycle-ready package?

Try our plastic pail paired with a gasketless cover and plastic handle! No separation of components is necessary for curbside recycling.

## Round Plastic Pails & Buckets

A trusted staple across industries, our round plastic pails are known for their durability, efficiency, and versatility. From chemicals and coatings to food, beverages, and DIY retail, these containers are built to perform. For decades, customers have relied on this proven product line to streamline logistics, protect products, and provide reliable, easy access to contents—anytime, anywhere.

SIZES	APPLICABLE INDUSTRIES
Ranges from 1L – 7G	Industrial, commercial, and institutional
KEY FEATURES	
<ul style="list-style-type: none"><li>▶ HDPE, PP, and PCR options</li><li>▶ Meets FDA requirements for food contact</li><li>▶ Multiple wall thicknesses available, including diamond weave and sine wave technology</li><li>▶ Gasketed and gasketless cover options</li><li>▶ Multiple fitting options including in-molded, traditional crimped, and snap-in fitting options (plastic and metal)</li></ul>	<ul style="list-style-type: none"><li>▶ Variety of tear strip lids, as well as dry seal and snap-on</li><li>▶ UN liquid and solid ratings – Group II</li><li>▶ Metal, plastic, and in-molded handles</li><li>▶ Straight-sided (grease) options</li><li>▶ Variety of colors</li><li>▶ IML and HTL decoration</li><li>▶ Recyclable post-use</li></ul>

## Screw Top Pails & Buckets

Designed for secure, repeated access, our quarter-turn screw top pails offer a reliable cover that's easy to open and close. Ideal for pool chemicals, food products, powdered goods, emergency kits, and more, these containers provide consistent protection from moisture, air, and contamination, indoors or out—delivering tamper resistance and durability in any environment.

### SIZES

Ranges from 0.8G – 12.2G

### APPLICABLE INDUSTRIES

Commercial, institutional, and industrial

### KEY FEATURES

- ▶ HDPE
- ▶ UN & CRSF certified
- ▶ Meets FDA requirements for food contact
- ▶ Closed hand grip with plastic or wire handle options
- ▶ Cover designed for use with automated closing systems
- ▶ HTL decoration
- ▶ Recyclable post-use

## Consumer Pails & Buckets

From the job site to the garden, garage, or workshop, these pails are the ultimate utility companion. They are ideal for the everyday demands of DIYers, hobbyists, and home improvement pros. Their space-saving, stack-efficient design allows for 40% more pails per truckload, helping retailers reduce inbound freight costs and maximize shelf or end-cap display space.

### SIZES

5G

### APPLICABLE INDUSTRIES

Commercial, institutional, and industrial

### KEY FEATURES

- ▶ HDPE
- ▶ Meets FDA requirements for food contact
- ▶ Optional integrated handles or bottom hand grips available
- ▶ Gasketed and gasketless cover options
- ▶ Variety of tear strip lids, as well as dry seal and snap-on options
- ▶ IML and HTL decoration
- ▶ Recyclable post-use

## Specialty Pails & Buckets

When your packaging needs go beyond the standard, our specialty pails deliver. Available in square, rectangular, and oval shapes, these containers offer space-saving efficiency, user-friendly features, and versatile functionality. Designed to meet the unique demands of industries like food and beverage, lawn care, consumer goods, and more, our specialty options help you stand out while delivering convenience your customers will appreciate.

### Square Plastic Pails & Buckets

Engineered with efficiency top of mind, our square plastic pails combine high performance with space-saving design. The square footprint maximizes pallet, truck, and shelf utilization—helping ship more product with every load and making the most of your storage and retail space. Optional hinged covers open and close easily for repeated use and offer a wide opening for fast, easy access to dry or liquid goods.

SIZES	APPLICABLE INDUSTRIES
Ranges from 2.1G – 5G	Industrial, commercial, and institutional
KEY FEATURES	
<ul style="list-style-type: none"> <li>▶ HDPE and PP options</li> <li>▶ Multiple wall thicknesses, including use of diamond weave and sine wave technology</li> <li>▶ UN liquid and solid rated</li> <li>▶ Variety of covers, including hinged for easy access</li> </ul>	<ul style="list-style-type: none"> <li>▶ Metal or plastic handles</li> <li>▶ Variety of colors, including clear polypropylene</li> <li>▶ IML and HTL decoration</li> <li>▶ Recyclable post-use</li> </ul>

## EZ Stor/Rectangular Containers

EZ Stor rectangular containers are designed for space efficiency and everyday functionality. Perfect for products that are dispensed and used over time—like dairy, pet care, food, or laundry essentials—these containers combine practical performance with strong shelf presence. An optional hinged cover allows for quick, repeated access to contents, while the broad wrap-around decoration area gives brands maximum space to deliver bold, standout messaging.

### SIZES

Ranges from 0.4G – 13G

### APPLICABLE INDUSTRIES

Commercial and institutional

### KEY FEATURES

- ▶ HDPE, PP, and PCR options
- ▶ Multiple wall thicknesses, including use of diamond weave and sine wave technology
- ▶ Variety of covers, including hinged for easy access
- ▶ UN liquid and solid rated
- ▶ Metal or plastic handles
- ▶ Variety of colors, including clear polypropylene
- ▶ IML and HTL decoration
- ▶ Recyclable post-use

## Oval & Round Containers

Perfect for ice cream, yogurt, frozen meals, soups, and more, our oval and round containers are built for performance. Made with freezer-grade resins, these containers stand up to extreme temperatures while preserving product integrity. A tight seal helps lock in freshness, flavor, and quality, minimizing freezer burn and ice crystal formation.

### SIZES

Ranges from 1.65L – 5LB tub

### APPLICABLE INDUSTRIES

Commercial and institutional

### KEY FEATURES

- ▶ Freezer-grade HDPE and PP
- ▶ Built-in tamper-evident
- ▶ Variety of covers, including snap-on and peel-off
- ▶ IML decoration
- ▶ Recyclable post-use

## Hobbocks

Mauser Packaging Solutions Hobbocks are manufactured in Europe and engineered from a high-performance polymer blend, offering exceptional resistance to stress cracking and impact. Designed for demanding industrial applications, they serve a wide range of sectors including automotive, chemical, construction, food, pharmaceutical, and cosmetic industries.

### SIZES

Ranges from 21.5L – 30L

### APPLICABLE INDUSTRIES

Automotive and construction

### KEY FEATURES

- ▶ Ideal for storing and transporting greases, silicones, paints, sealants, and adhesives
- ▶ Compatible with dosing equipment and discharge systems using follower plates
- ▶ Free from contamination risks, corrosion, and metal abrasion
- ▶ Designed for easy filling, sealing, handling, and stacking
- ▶ UN-certified options available for hazardous materials
- ▶ Food-grade and pharmaceutical-compliant variants available
- ▶ Offered with liners or as a sustainable PCR version

## Infinity Series Plastic Pails & Buckets

Sustainability meets performance in our Infinity Series—crafted with Recolene™, a high-quality post-consumer resin (PCR) that offers up to a 70% lower carbon footprint compared to virgin HDPE. Infinity Series pails help support your environmental goals without sacrificing strength or reliability. The Infinity Series is the smart, responsible choice for forward-thinking businesses.

### SIZES

Various sizes available

### APPLICABLE INDUSTRIES

Industrial and commercial

### KEY FEATURES

- ▶ Plastic pails can incorporate up to 50% PCR
- ▶ Variety of tear strip lids, as well as dry seal and snap on
- ▶ IML and HTL Decoration
- ▶ Multiple fitting options including in-molded, traditional crimped, and snap-in fitting options (plastic and metal)
- ▶ Recyclable post-use

## Decoration Options

Mauser Packaging Solutions offers several decoration options to cover a wide range of applications.

### ► In-Mold Labeling (IML)

IML is a process in which a pre-printed label is placed into a mold cavity before the plastic is injected. Once injected, the label fuses with the plastic material—becoming one with the package. The label cannot be removed, is resistant to peeling, and can feature high-resolution graphics and intricate designs that cover nearly the entire surface of the pail.

### ► Heat Transfer Labeling (HTL)

HTL uses a combination of heat and pressure to apply a pre-printed label to a pail after it has been molded. The result is a durable, scratch-resistant label that allows for high-resolution designs.

---

## All around visibility for long lasting appeal

In-mold labeling delivers vibrant, high-resolution graphics that wrap the entire container—ensuring your brand stands out from every angle and stays sharp through every stage of use.

## Certifications

We are committed to producing products that exceed our customers' expectations. Through operational excellence and rigorous quality control processes, our facilities hold certifications from these well-known and respected organizations:

- International Organization for Standardization (ISO)
- Global Food Safety Initiative (GFSI)
- Interstate Milk Shippers (IMS)

## Put our packaging expertise to work for you.

Our team has the expert knowledge and innovative thinking to help you identify the packaging solution that meets your specific needs.
