About Mauser Packaging Solutions

Mauser Packaging Solutions is a global leader in solutions and services across the packaging lifecycle, providing large and small metal, plastic, fiber, and hybrid packaging worldwide to companies in industries from food, beverage, personal care, and pharmaceuticals to chemicals, petrochemicals, agrochemicals, medical waste, and paints.

True sustainability at scale

For the first time ever, you have a single packaging partner who can reliably deliver solutions across the full packaging life cycle—around the globe.

Mauser Packaging Solutions, formed in 2018 by BWAY, Mauser Group, NCG, and ICS, brings unparalleled packaging performance and innovation to redefine sustainability for customers. From new packaging made from recycled content to reconditioning, reuse, recycling, and professional disposal, we provide customized solutions that have a positive impact on businesses and the planet, bringing true sustainability at scale to companies all over the world.

Together, we have over 330 years of combined experience, more than 1,000 global patents, over 180 sites around the world, and over 11,000 employees committed to helping companies like yours operate more sustainably and effectively.

Global reach for worldwide impact

With our global network of design, manufacturing, reconditioning, and recycling facilities, we can deliver high-quality packaging solutions across the full packaging life cycle—virtually anywhere you need it.

By engaging in this complete cycle, your company can achieve true sustainability at scale. You benefit from a consistent global supply chain,

a wide array of packaging options, new business growth opportunities, and a chance to leave a lighter environmental footprint. You can feel better about doing your part to protect our planet. And by sharing that story with your customers, you can help them feel even better about working with you.

Behind the Brands you Know and Trust.

For more than 150 years, Mauser Packaging Solutions has helped leading brands protect, promote, and deliver their products with confidence. As one of the industry's longstanding metal packaging manufacturers, we combine scale with proven quality and expertise, helping you select the right solution for your application.

With one of the industry's most comprehensive manufacturing networks, you can expect the consistency and supply assurance you need to keep products moving and shelves stocked. From standard to specialty cans, our diverse portfolio includes a range of sizes, shapes, and configurations.

Our steel and tinplate cans contain a minimum of 20% recycled content and are recyclable post-use, helping to reduce our reliance on virgin materials and support a circular materials economy.

We're proud of our long-standing reputation for quality, reliability, and collaboration, helping brands bring trusted products to market with confidence.

Round Metal Paint Cans

For decades, our metal paint cans have been proven performers in the marketplace for paints and coatings made by leading brands. Our network of manufacturing facilities helps us deliver cans quickly and efficiently, while our focus on quality helps ensure every can meets demanding performance standards.

SIZES	APPLICABLE INDUSTRIES
1/4 Pint - 4L	Paints, coatings, chemicals
KEY FEATURES	
<ul style="list-style-type: none"> ▶ Armlocks available for UN certified solution ▶ Phenolic and epoxy phenolic lining options ▶ Decoration available on bodies and plugs 	<ul style="list-style-type: none"> ▶ Contain a minimum of 20% recycled content ▶ Recyclable post-use

Hybrid Paint Cans

Our hybrid paint cans combine a polypropylene plastic body with metal rings and plugs for strength, rust and dent resistance, and durability through temperature swings. Easy to open and reseal time and time again, hybrid paint cans protect product integrity from filling line to final use.

SIZES	APPLICABLE INDUSTRIES
Pint - Gallon	Paints, coatings, chemicals
KEY FEATURES	
<ul style="list-style-type: none"> ▶ Designed to be interchangeable with metal paint cans ▶ Resistant to dents and rust 	<ul style="list-style-type: none"> ▶ Made from 90% post-industrial recycled content ▶ Decoration available on plugs

Square Cans

Square metal cans are designed to maximize shelf space and improve shipping efficiency, while delivering standout performance. Trusted by brands in the adhesives, vegetable oil, lubricants, paints, and chemical industries, square cans are a unique option to help your product stand out on the store shelf.

SIZES

2.6G/10L - 5G/19L
