About Mauser Packaging Solutions

Mauser Packaging Solutions is a global leader in solutions and services across the packaging lifecycle, providing large and small metal, plastic, fiber, and hybrid packaging worldwide to companies in industries from food, beverage, personal care, and pharmaceuticals to chemicals, petrochemicals, agrochemicals, medical waste, and paints.

True sustainability at scale

For the first time ever, you have a single packaging partner who can reliably deliver solutions across the full packaging life cycle—around the globe.

Mauser Packaging Solutions, formed in 2018 by BWAY, Mauser Group, NCG, and ICS, brings unparalleled packaging performance and innovation to redefine sustainability for customers. From new packaging made from recycled content to reconditioning, reuse, recycling, and professional disposal, we provide customized solutions that have a positive impact on businesses and the planet, bringing true sustainability at scale to companies all over the world.

Together, we have over 330 years of combined experience, more than 1,000 global patents, over 180 sites around the world, and over 11,000 employees committed to helping companies like yours operate more sustainably and effectively.

Global reach for worldwide impact

With our global network of design, manufacturing, reconditioning, and recycling facilities, we can deliver high-quality packaging solutions across the full packaging life cycle—virtually anywhere you need it.

By engaging in this complete cycle, your company can achieve true sustainability at scale. You benefit from a consistent global supply chain,

a wide array of packaging options, new business growth opportunities, and a chance to leave a lighter environmental footprint. You can feel better about doing your part to protect our planet. And by sharing that story with your customers, you can help them feel even better about working with you.

From Standard to Specialty - Containers you Can Count on.

When your products are mission-critical, you need packaging you can depend on. Mauser Packaging Solutions' tight-head containers and jerrycans are engineered to protect what matters most — ensuring your products flow safely and reliably from fill to final use.

With one of the largest manufacturing footprints in the industry, we deliver the scale, consistency, and supply security you can rely on. Our broad portfolio spans from standard and specialty designs in a wide range of sizes, shapes, and colors, with options that include recycled resin, barrier technology, or meet strict food requirements.

Whether you need a proven solution for everyday applications, or a package that meets the most demanding performance and regulatory requirements, Mauser Packaging Solutions combines decades of expertise with unmatched capability to keep your business moving — anywhere in the world.

Square and Rectangular

A crucial player in global supply chains, our square and rectangular tight-head containers are known for their ability to protect, preserve and transport a wide range of products from food and beverage ingredients to hazardous chemicals. Designed for efficiency, their square or rectangular shape optimizes space during shipping and storage, while stacking lugs help with stackability.

SIZES

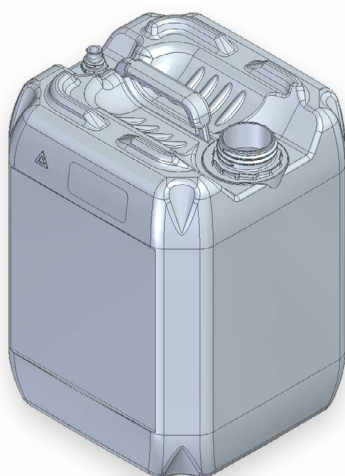

Ranges from 5L - 30L (1.3G - 7.9G)

STANDARD COLORS

Natural, Blue, Black, White

KEY FEATURES

- ▶ HDPE, Recolene® PCR, and KORTRAX barrier options
- ▶ Meets FDA requirements for food contact
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Integrated or D-Handle (swing)
- ▶ Variety of neck sizes including 60DIN, 63MM, and 70MM
- ▶ Multiple fitting options
- ▶ Decoration available
- ▶ Recyclable post-use

SSM

With a proven, lightweight design, the SSM square tight-head container is ideal for products in a range of industries from chemicals to food, beverage, paints, and coatings. Its square shape delivers reliable performance while maximizing space efficiency during shipping and storage.

SIZES

3.5G, 4G, 5G, 20L, 6G, 7G

STANDARD COLORS

Natural, Blue, Black, White

KEY FEATURES

- ▶ HDPE, Recolene® PCR, and KORTRAX barrier options
- ▶ Meets FDA requirements for food contact
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Integrated handle
- ▶ Variety of neck sizes including 45 DIN, 60DIN, 63MM, and 70MM
- ▶ Multiple fitting options
- ▶ Decoration available
- ▶ Recyclable post-use

LWP

Smart design meets performance with our LWP tight-head container. Our LWP is designed to do more with less, using less material and shipping safely with no outer box required. Durable and efficient, this package offers a reliable solution for modern supply chains.

SIZES

4L, 5L, 10L, 20L

STANDARD COLORS

Natural, Blue, Black, White

KEY FEATURES

- ▶ HDPE, Recolene® PCR, and KORTRAX® barrier options
- ▶ Meets FDA requirements for food contact
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Integrated handle
- ▶ Variety of neck sizes including 45 DIN, 60DIN, 63MM, and 70MM
- ▶ Multiple fitting options
- ▶ Decoration available
- ▶ Recyclable post-use

Stackables

Designed for the way products move today, our stackable tight-head containers combine durability and efficiency. Built to ship safely without an outer box, they're ideal for eCommerce, retail, or industrial use. Their robust design protects your products while reducing packaging waste and optimizing transport space.

SIZES

4L, 5L, 10L

STANDARD COLORS

Natural, Blue, Black, White

KEY FEATURES

- ▶ HDPE, Recolene® PCR, and KORTRAX® barrier options
- ▶ Meets FDA requirements for food contact
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Integrated handle
- ▶ Variety of neck sizes including 45DIN and 60DIN
- ▶ Multiple fitting options
- ▶ Recyclable post-use

Round Tight-Head Containers

A trusted choice for safely transporting hazardous and sensitive materials, our round tight-head containers deliver proven performance in demanding supply chains. Engineered for durability, they provide reliable product protection from filling to final destination. Their robust design and stacking lugs help ensure stability during storage and transport.

Jerrycans & Fassets®

Manufactured in Europe and purpose-built for high filling weight and stacking requirements, our Fassets and jerrycans help companies around the world keep their people safe and products moving. Our portfolio includes solutions for industries including the lubricant, industrial chemical and agrochemical markets.

SIZES

Industrial Jerrycan: 6L - 60L
Lube Oil Jerrycan: 20L
Agrochemical Jerrycan: 3L - 20L

STANDARD COLORS

White, Natural, Blue

KEY FEATURES

- ▶ HDPE, Recolene® PCR
- ▶ Meets FDA requirements for food contact
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Integrated or D-Handle (swing)
- ▶ Variety of neck sizes and fitting
- ▶ options including tamper evident, vented, screw cap, and pour spout
- ▶ Supports Packaging and Packaging Waste Regulations (PPWR) and EU Ecolabel requirements
- ▶ Recyclable post-use

Infinity Series

Sustainability meets performance in our Infinity Series—crafted with Recolene™, a high-quality post-consumer resin (PCR) that offers up to a 70% lower carbon footprint compared to virgin HDPE. Infinity Series tight-head containers and jerrycans help support your environmental goals without compromising performance.

PRODUCTS AVAILABLE

Plastic tight-head container: 20L
Jerrycans: 5L, 6L, 7L, 11L, 25L

KEY FEATURES

- ▶ Made with Recolene® PCR
- ▶ Meets UN Packaging Groups II and III standards
- ▶ Variety of neck sizes and fitting options
- ▶ Recyclable post-use
- ▶ Supports PPWR requirements
- ▶ Satisfies California Prop. 65 requirements for Rigid Plastic Packaging Containers

Certifications

We are committed to producing products that exceed our customers' expectations. Through operational excellence and rigorous quality control processes, our facilities hold certifications from these well-known and respected organizations:

- ▶ International Organization for Standardization (ISO)
- ▶ Global Food Safety Initiative (GFSI)
- ▶ Interstate Milk Shippers (IMS)

Put our packaging expertise to work for you.

Our team has the expert knowledge and innovative thinking to help you identify the packaging solution that meets your specific needs.
